

Ultimate Flooring Solutions

Specialty tile and carpet products from Ultimate Flooring Solutions help building owners and managers maximize durability, comfort, safety and attractiveness.

Our flooring products include:

- ▶ Entry systems: vestibule, walk-off, logo mats, parking
- ▶ Wall-to-Wall: carpet, anti-fatigue, resilient flooring
- ▶ Display systems: logo mats, display protection

Ultimate Flooring Solutions (UFS) helps customers find solutions to address common business/facility concerns. Specifically, the right product in the right area can help:

- ▶ Increase safety by reducing slips and falls
- ▶ Improve ease of cleaning and maintenance
- ▶ Ease fatigue and employee strain
- ▶ Increase display attractiveness
- ▶ Provide protection for display or high-traffic flooring areas
- ▶ Support facility branding and image

Service & Installation

UFS works with each individual facility to develop the right flooring solution. Our installation team takes measurements, creates layouts, and installs the product at a time when it's convenient for your business. Our services ensure your flooring solution is installed properly, quickly and efficiently.

About Us

Ultimate Flooring Solutions Ltd. is a Canadian firm providing flooring products and installation to customers across the country. Our team has over 25 years of experience in flooring selection, design and installation.

Ultimate Flooring Products

Channel Tiles feature an open-faced design made from 100% recycled post-consumer PVC. The interlocking multi-directional gridwork scrapes dirt from shoes and carts, provides drainage, and traps debris beneath the tiles, creating a cleaner, safer interior.

Usage Areas:
Entrances
Special displays
Vestibules

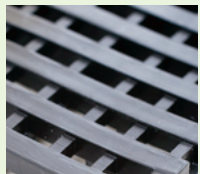

Perfect For:
Retail | Grocery
Multi-Residential
Office/Commercial
Recreation Facilities

Design Links offer dense, 100% polypropylene carpet alternating with drop-through, 100% virgin PVC grid to scrape and brush dirt. Debris is collected and concealed below.

Usage Areas:
Entrances
Vestibule

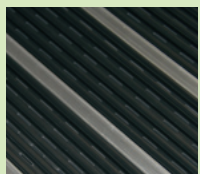

Perfect For:
Financial
Multi-Residential
Office/Commercial
Institutional

Power Links feature an injection-moulded, 100% virgin PVC grid designed to scrape dirt from shoes and cart wheels. Debris and moisture is trapped beneath the tiles creating a cleaner, safer interior. These interlocking tiles provide superior durability.

Usage Areas:
Entrances
Vestibules

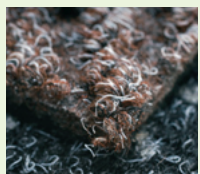

Perfect For:
Large retail | Grocery
Multi-Residential
Office/Commercial
Recreation Facilities

Pro Scraper Wide 100% virgin PVC grids with flow-through openings alternate with sturdy ribs of aluminium alloy to provide maximum debris removal. Pro Scraper can be surface mounted or recessed into a well using aluminium ramps. The system rolls up for cleaning and is reversible.

Usage Areas:
Entrances
Vestibules

Perfect For:
Financial
Multi-Residential
Office/Commercial
Institutional

Carpet Tiles stand up well in high traffic areas and look great over the long haul. These modular, needle-punched, 100% polypropylene tiles are available in three unique patterns and provide exceptional floor protection.

Usage Areas:
Entrances
Lobbies
Vestibules

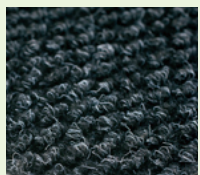

Perfect For:
Financial
Multi-Residential
Office/Commercial
Institutional

Pharma Tile offer a combination of heavy denier, 100% polypropylene fiberbonded carpet surface and impact-absorbing rubber foam backing. These tiles provide superior anti-fatigue protection and cushioning.

Usage Areas:
Reception
Customer service counters
Workstations

Perfect For:
Financial | Hospitality
Office/Commercial
Institutional
Retail

Commercial Matting is constructed of heavy-duty needle-punched, 100% polypropylene with a studded pattern. Being permanently anti-static and impervious to many chemicals (ice melters and salt) makes these mats ideal for indoor and outdoor applications.

Usage Areas:
Entrances
Lobbies
Vestibules

Perfect For:
Financial
Multi-Residential
Office/Commercial
Institutional

Logo Matting features your company name, graphics, logo or a message on our durable commercial-grade mat. Each precision cut mat is constructed of heavy-duty, 100% polypropylene fibres. These mats don't just look good; they trap debris and moisture for ultimate floor protection too.

Usage Areas:
Entrances
Lobbies
Vestibules

Perfect For:
Retail | Grocery
Hospitality
Financial
Parking
